

Inter IIT Tech Meet 13.0

Dream 11 Final Submission Guidelines

1. Submission Content

The main PDF Report should contain the following elements :-

- **Approach Outline**
 - Problem Understanding
 - Solution Overview
 - Background Study
- **Analysis and Experiments**
 - **Results:** Mention training and testing accuracy on following durations. Training Period (data til 2024-06-30) , Testing Period (1st July 2024 to 10th November 2024). Include model metrics like MAE , MAPE. It should be calculated on Dream Team Point and Predicted Best Team Point.
- **Challenges and Next Steps**
 - **Technical Challenges:** Briefly highlight any significant technical challenges encountered so far.
 - **Next Steps:** Outline the key steps for the future implementation of the proposed solution.

2. Submission Format

- **Document:** Submit a PDF report (10 page max) containing the outlined sections above.
- All Reports must be typed using either Helvetica or Garamond font (or in LATEX) with a minimum font size of 10 points and 1.15 letter spacing.
- **Videos:** Installing and Navigating through Product and Model UI on any workstation. Video demo of the solution in action, demonstrating how the ML model recommends players and how the UI facilitates team creation.
- **Code:** Submit all code files, along with a README explaining the setup and usage of your solution. Include model explainability and GenAI implementation details. All files are to be submitted via backup form. Create a folder structure similar to that of one shared by Dream11 (https://github.com/OtakuSky/D11_Sample_Structure.git). Ensure that code is commented and easy to compile.

3. Submission Instructions

- **Deadline:** End term submissions are due by [4th December 2024, 11:59 PM.]. All submissions must be turned in by the specified deadline. Late submissions will lead to point deductions.
- Code submitted and presentation have to be fully consistent.

NOTE:

- All the submissions will be made through the Backup Form.
- No alternate platform submission like GitHub, Drive links etc. is allowed.
- Upload all the contents for a submission as the ".zip file" in the form.
- These files should NOT be password protected.
- These .zip files should at least contain a README file and end term report with specifications according to company guidelines.
- Only 1 upload per IIT per problem statement is allowed.
- No part of the submission or any embedded links should, in any way, directly or indirectly, indicate the name of the IIT. If such discrepancies are found, penalties will be imposed according to the rulebook.
- Late submission penalties are in accordance with the rulebook.
- Participants must ensure that all work presented in the Reports is original and does not violate any copyright or intellectual property rights. The reports may undergo plagiarism checks using software tools (from the company side).

4. Presentation and Q&A

- Teams will present their solutions and demonstrate their Model during a designated session.
- The presentation will include a brief explanation of their approach, demonstration, and a Q&A session.
